BUTLER COUNTY.

Verbal and written statements convince us that the late Republican Convention in this county passed no resolution on the matter of United States Senator. Indeed, the body was not properly a County Convention at all. Following the "Crawford system," an election is held for candidates, and one person from each precinct appointed to carry in the returns. Upon the assembling of these Return Judges, a Committee on Resolutions was named, and then an adjournment was carried to enable the Clerks to tabulate the votes. Upon re-assembling many of the delegates, having fulfilled their mission, did not return. When inquiry was made of the Committee for the resolutions they were to prepare, answer was made they were lost. After other delegates had gone, the resolutions were produced, and the testimony leads us to infer, that a resolution complimentary to Gov. CURTIN and his Administration was altered to one recommending him for Senator. Scarcely half a dozen delegates were present when the vote was put.

As a specimen of the written statements, we submit the following:

BULL VALLEY, June 21, 1866.

Having read the *American Citizen* and find it containing what purports to be the proceedings of the Republican Convention held in Butler on Monday, the 11th inst., I hereby certify that no United States Senator resolution or anything on that subject was passed by said Convention. Neither did the Convention adopt any resolution in favor of Mr. Williams, who is Mr. M'Junkin's competitor for Congress—Mr. McJunkin having received 1,569 votes, whilst Mr. Williams received but 58 votes. With such an expression of our constituents we would not have felt that we had the right to weaken Mr. McJunkin's chances for nomination. I was Return Judge from Washington township, and one of the secretaries of said Convention, and we had no instructions from our constituents on political affairs. No resolution for Governor Curtin or any other person was adopted for our next United States Senator. This statement I make in vindication of truth, and we hope that in future no similar attempt will be made by any outsider to impose on our party so.

PHILIP HILLIARD,
Return Judge from Washington Tp.
BUTLER, June 13th, 1866.

Having just seen the *American Citizen*, a paper published in the borough of Butler, and containing what purports to be the proceedings of the Republican County Convention, held in Butler on Monday last, I hereby certify that no resolution in favor of A. G. Curtin as our next United States Senator, or anything on that subject, was passed by said Convention. I was in the Convention during the whole time of its session as the delegate from Butler township, and was paying attention to all its proceedings.

OBADIAH CRATTY.

I fully concur in the above statement of Mr. Cratty. No resolution in favor of Gov. Curtin for United States Senator was offered, read or adopted by said Convention.

JOHN E. MUDER,
Delegate from Saxonburg.

We are sure GOV. CURTIN asks no such services at the hands of his friends.

DESERTERS VOTING.

Some inquiry has been made whether the decision rendered by the Supreme Court last week in the Franklin County Deserter case is applicable to any case that may arise under the law recently approved by the Governor. The law passed at the last session was drawn by Senator M'CONAUGHY for the purpose of remedying any defects in previous legislation. But the provisions of this law do not cover the point made by the Supreme Court. The ruling is that indictment, trial and conviction are essential to deprive any man of rights he holds in common with his fellow citizens. This affirms the rulings by all the District Judges, that no man can be stripped of rights except by "due process of law." It may, therefore, be taken as settled that deserters can only be prevented from voting by being tried and convicted of inciviism—which is not likely to happen.

MERCER.—The Republicans of this county have nominated for President Judge Hon. Wm. Stewart; for Congress, Rev. W. T. McAdam, late chaplain of the 57th Regiment Pennsylvania Volunteers; for Senate, James C. Brown; for Assembly, Josiah McPherrin and James A. Leech, for Associate Judge, John Lightner; for Prothonotary, A. B. McCartney, late of the 57th Regiment; for Sheriff, A. T. Black, late of the 57th Regiment; for District Attorney, H. M. Hamblin; and for Register and Recorder, S. F. Hutd, late of the 139th Regiment. The resolutions were decidedly Radical.

The candidates for Legislature in this district are, Wm. C. Harrison, of Lawrence county; Josiah McPherrin and James A. Leech, of Mercer county, and Harvey Pillow, of Butler county.

IN Crawford county, as heretofore mentioned in these columns, the Republicans have had a bitter canvass for selecting a candidate for Congress for the 20th district Their contestants were Mr. D. A. Finney and Mr. S. Newton Pettis. The primary election was held on Friday, and the result is not yet announced. If half that has been charged against each of those gentlemen, and not disproved, is actually true, neither of them ought to be nominated, or elected if nominated.

Mercer county, in the same district, has brought forward the Rev. W. T. McAdam, late chaplain of the 57th regiment.

IN the 23d congressional district the democrats have brought out Mr. Jacob Zeigler, of Butler county, for Congress, against Mr. Thomas Williams. These were the contestants in the district four years ago. Mr. Zeigler drank many-fold more "lager" with his German friends in Allegheny county, than year, than Mr. Clymer has this; but while the Germans relished the lager, they had no political relish for Mr. Zeigler, as he found to his chagrin when the ballots were counted.

THE President's Brevet Veto of the Constitutional Amendment, which was probably a piece of strategy, invented by Mr. Seward, excited only disgust and contempt in loyal men. The President exceeded his authority in sending any message whatever to Congress on that subject, and Congress will forget its dignity if it shall enter the message on the journals. It should be treated as a remonstrance or petition from a private individual would be.

ONCE MORE we call the attention of our city readers to the sale by auction, at 2 P. M. this day, of the Herron farm, at Fort Herron. Chances for securing homes so near town, and yet so secluded, healthy, attractive and cheap, may not offer again for years. Look to this sale all ye who love woodland and lawn, rose, honeysuckle and jessamine. *Now* is the time.

Cheering Facts for the Bilious.
Every day demonstrates more clearly that Liver Complaint, in all its distressing forms, can be controlled or cured without difficulty or inconvenience. It is an obstinate disease, but its obstinacy is not proof against the pertinacious, remedial and restorative operation of HOSTETTER'S STOMACH BITTERS. That genial corrective *compels the organ to do its duty.* It *must* secrete regularly and healthfully under the influence of the Bitters. Their action brings it back from a state of rebellion into perfect harmony with the laws of health. If there is costiveness, it disappears; if there is side-ache or back-ache, it ceases; if the skin and the whites of the eyes are tinged with superfluous bile, they recover their natural hue; if the appetite is gone, it returns; if the digestion is impaired, it is restored; in brief, whatever the symptoms of the complaint may be, and whatever the phase it has assumed, *a cure is certain.* Such are the uniform effects of this preparation where bilious disease has been already developed; but in cases where there is merely a constitutional tendency to liver complaint, it must be prevented throughout life by the regular use, in small quantities, of this palatable antidote. These are proven facts, and should be seriously pondered—or, rather, they should be promptly acted upon—by all persons of bilious habit.

Horrible Murder near Medina—A Clergyman Whips his Child to Death.

We learn from railroad men, who came from Medina this morning, that there was great excitement in that village arising from a report that a Presbyterian clergyman, named Lindsley, residing a mile South of the village, whipped his son, three years old, so severely that he died two hours subsequently, because he would not say his prayers. Reports add that the child's fingers were broken by the blows administered. The report seemed so monstrous and unnatural that we telegraphed to Medina to learn if it was true, and received an answer that it was. The telegraph states that the minister was two hours whipping the child with a heavy rod, and it died from its injuries within the time stated above. Lindsley had not begn arrested at the time the dispatch was sent, but we learn that an officer from Albion has gone to Medina to take him into custody. For the sake of common humanity we hope the story is exaggerated, and it may be possible that it is.

Since writing the above we have received by special telegraph, the statement of Mr. Lindsley, the father of the child, made to a jury summoned by Coroner Chamberlain. On the 18th of June, the child disobeyed his step-mother, and I commenced correcting him, using a shingle for the purpose, and continued to chastise him for more than two hours, when the child began to show signs of debility, and I ceased to punish him and laid him on a couch, and called my wife. When she saw the child she said he was dying, and before twelve o'clock he was dead.

The coroner's jury returned a verdict yesterday "that death resulted from chastisement by the father."—*Rochester Union*, 21st.

TO THOSE curious as to the changes in our language, the following copy of the Apostle's Creed, as published in 1151, by order of Henry II, will prove interesting: "I believe in God Fadiar Almichty Eppipper of Heaven and Earth, and Jhesuus Christ his onelibi sun ure Lorred, that is lvange Church and Holy Ghost, born of Mary Maiden, tholde pine under Ponce Pilot, pitcht on rode Tree, dead and is buried, liecth in Hell, the tridda day from death arose, steich in to Heaven, sit on his Fadier richt hond God Almichty, then is commende to dend the quicke and the dede. —A very foolish man proposes to walk across Niagara river, at the Falls, this summer, on a small wire, carrying his wife and son on his back. He also proposes to walk across as the American eagle, and is now having a large leathern eagle made, which will be filled with leathers and otherwise manipulated so as to resemble a live eagle of monstrous proportions. This is to fit closely about his body, and on walking he will balance himself by flapping the artificial wings. At the same time a rope is to be suspended by him below the wire, to which his son, a boy eight years old, will cling and go through with various athletic performances as his father advances across the Falls.

—An exchange gives the following receipt to prevent dogs going mad: "Mix a small portion of the flour of sulphur with their food or drink, in the spring months. This is practiced in Europe to prevent the disease from breaking out among the packs of hounds which belong to the English noblemen, and is said to be a certain preventive." To render the receipt certain add a few grains of arsenic.

—A trout fishing party from Weston, West Virginia, which recently visited the head waters of the Elk and Buckhannon rivers, report that they found men in the mountains, forty years old, who *had never seen a wagon.* Bears, deer, panthers and other wild game are found in abundance. The party caught upwards of two hundred brook trout, some of them sixteen inches long.

Canadian spies are reported to be busily engaged collecting information against Americans who aided the Fenians in getting stores, &c., across the border.

FROM EUROPE.

The English Reform Bill.

THE ENFRANCHISEMENT SECTION.

The Crisis on the Continent.

THE POSITION OF FRANCE.

Expected Imperial Message.

FROM AUSTRIA, PRUSSIA AND ITALY. THE CONTENDING POWERS.

NEW YORK, June 24.—The steamship Germania, from Southampton on the 12th, arrived here this evening.

The *Times* says the marriage of the Princess Mary of Cambridge will be solemnized at Kew on Tuesday, June 12th.

The *Times* of Monday says: The consideration of the reform bill in committee will be resumed this evening, and the first section coming up for discussion is that which deals with the qualifications of voters in boroughs.

The House of Commons will be asked to enfranchise all occupiers of any premises of the clear annual value of seven pounds or upwards, and an opinion seems to have arisen that no serious attempts will be made to oppose the proposition.

FRANCE.—The *La Presse* says with reference to the pending European crisis, that if the Emperor does not directly make known his resolutions by a communication to the great bodies of the State, it may be considered certain that M. Rhouer will be authorized to make a declaration to the French Chambers.

The same journal contradicts the rumors of the French military preparations. It also says: "We believe the rumors of an expected imperial message and the issue of a new loan to be unfounded, and adds: Should there also be questioned on the policy of the government, he will probably only repeat the declaration of May 3d."

AUSTRIA.—A telegram from Vienna, of June 9th says that the Emperor has addressed an autograph letter to Prince Collardo, praising the zeal and ability displayed by the Committee of the Public Debt, and expressing satisfaction at the order which has been effected in the public debt department.

The passport system has again been introduced along the Swiss frontier.

The Vienna *Post* announces that the day for the next extraordinary setting of the Federal Diet is not yet fixed.

The *Neue Frue Presse* says the Emperor of Austria has started for the head-quarters of the army of the North. It is not probable that the taxes will not be collected in some parts of the Empire and that concessions will be made.

PRUSSIA.—The Minister of the Interior is deputed by the King to reply to the addresses in favor of peace. The Minister says that the King, in his reply, reluctantly accepts from these addresses an absence of that devotion which characterized the Bresiau address, and repeats the assurance with which His Majesty replied to it as fitting answer to all the addresses. The King, adds the Minister, expects in view of growing dangers, the immediate devotion of his people.

In the sitting of the federal diet of June 9th, the Prussian representative repudiated the insinuation that it was the intention of Prussia to annex the duchies by force, and affirmed that Austria by her declaration of June last, had violated all the mutual engagements contained between Austria and Prussia. Prussia is disposed towards peaceably settling the question of the duchies, as well as that of the federal reform, by a German parliament, but he contended that the diet was incompetent to deal with those questions.

Austria could not convoke the Holstein States except by violating the Gastein Convention. The Austrian representative denied that Austria had violated the foregone treaties.

The proposal of the Military Committee of the Diet that Mayence should be occupied by Havarian and Pastodt by Baden troops, as well as that divisions of the 7th and 8th armies should be stationed in both fortresses, was unanimously adopted.

A telegram from Munich says the popular feeling against Prussia increases. The Altramot party are desirous that Bavaria should take part with Austria against Prussia. Conciliatory steps are being taken by the Ministry to the military arrangements. The present ministry maintain the policy of declaring against the opening of this state of affairs to war. The Governments supports the plan that in case the Prussian proposal for the reform of the Federal Diet should unhappily, a German Parliament should be assembled from which Prussia and Austria would be excluded.

Count Mensdorff has sent a note to Count Von Bismarck-Schonhausen, protesting against Prussians into Holstein, declaring this step to be a violation of the Gastein Convention when treaty existed, until a definitive settlement of the question had arrived at. The Government has received information that the Prussians have occupied Bramstadt, Horst and Uetersen, and that they intend to occupy Glueckstadt and Elmshari, near Altona. General Martenfel has arrived at Itzehove. General Gablenz, having the order of the Vienna Cabinet, declined the summons of General Moltzeffel to re-establish a common administration in the duchies and to withdraw the consideration of the Holstein question.

Baron Scheelpiessen as the President of the New Government for the Duchies, has issued a proclamation stating that General Martenfel will proceed in any case which Prussia may regard as illegal, either on the part of the former government of Holstein, or the states assembly. The regulations which Holstein and the states is expected with the greatest anxiety. The Prussians will not permit them to meet in any part of Holstein, and General Martenfel will take this necessary steps to this effect. The question is if Austria will oppose by arms, the measures taken by Prussia to prevent the meeting of the estates.

A telegram from Rastadt, dated June 10th, says: The Prussian troops quitted the Fortress to-day. The Austrians have already received orders to leave the entrance of the Baden. Troops are daily expected.

A dispatch from Reunsburg of June 10th says: General Martenfeld has issued a proclamation to the Holsteiners. He says that he recognizes the orderly conduct of the Holsteiners upon the entry of the Prussians. He orders that all political societies are to be dissolved, and suspends the publication of all political newspapers unprovided with legal authorization until such authorization be granted. The Holstein Government appointed by the Austrians is dissolved.

The proclamation adds that the King of Prussia intends to convoke the Schleswig-Holstein estates.

ITALY.—In the Chamber of Deputies the first article of the bill for the suppression of all religious bodies throughout Italy was almost unanimously adopted.

SPAIN.—In the debate upon the budget of the ministry of war in Congress, Marshal O'Donnell expressed an opinion that Cuba would not pass without Spain having to defend her territory.

In the Corps Legislatif on the 12th M. Rouher read a letter from the Emperor Napoleon to M. Dreyn De L' Huys, in which His Majesty, after detailing the efforts made in common with England and Russia to prevent an armed conflict, says: "Had the conference assembled, my government would have declared that France repudiated all idea of territorial aggrandizement, so long as the European equilibrium remained undisturbed. France could only think of an extension of her frontiers in the event of the mass of Germany being altered to the profit of a great power, and of the bordering provinces expressing by their formal and free vote their desire for annexation. In the absence of these circumstances the French government prefers any territorial acquisition, as a good understanding with its neighbors, proceeding from its respect for their independence, and their nationality." (Cheers.) We should have desired for the German Confederation a position more worthy of its importance; for Prussia, better geographical boundaries; for Austria, the maintenance of her great position in Italy. We have united Venetia to Italy in exchange for territorial compensation. The Conferences has failed. France will be led to draw the sword. The French Government thinks not. Whatever may be the result of the war which may break out, no question affecting us will be resolved without the assent of France. France, therefore, will continue to observe an attentive neutrality, confident in her right and calm in her strength." (Cheers.) M. Rouher said that after this declaration the Corps Legislatif will understand the inadvisability of a debate upon the offers of Germany and Italy." (Shouts of "Yes, yes.")

M. M. Their, Alfure, Alfred and Leroux endeavored to prevent the closing of the debate, but the subject was declared to be closed by 249 against 84 votes, and the Chamber passed to the vote on the amendment, which was adopted by 222 against 18 votes. The sitting then terminated.

The following are the latest telegrams to London papers:

VIENNA, June 12.—P. M.—General Von Gablenz had originally received orders to maintain his position in Altona, but under all circumstances to avoid firing the first shot. The General declared in reply that the Prussian troops, being six times superior in number to his own, the order was impracticable, and that either the Austrian brigade must be sacrificed or withdrawn. It was then that General Gablenz was instructed to retire.

ALTONA, June 12.—All the Austrian troops have evacuated Holstein and have marched towards Hanover. The Duke of Augustenberg left yesterday evening and General Von Gablenz, early this morning.

KIEL, June 12.—Baron Von Schoel Plessen, the new Governor of Schleswig Holstein, has arrived here.

ALTONA, June 12.—General Von Gablenz has issued a proclamation dated this town, to-day, addressed to the Holsteiners, which says forcible measures have followed the occupation of Holstein in violation of the Gastein Convention. The assembly of the estates has been prevented by force of arms, and the Holstein Government Commissioner has been arrested. In his proclamation of the 10th inst., the Governor of Schleswig has declared that he will also assume the chief governing power in Holstein. He has announced the dismissal of the Holstein Government and has substituted another civil administration in its place. The Prussian troops are marching upon Altona. The forces at my command are not sufficient to offer resistance to a hostile attack from the German power which has been our ally. I am not in a position to protect the right, with my small force. Following the Emperor's orders, I yielded to superior numbers and leave the country when I understood the Government. You met me with confidence. Retain that confidence, and accept my heartfelt thanks. Troublous days will come upon you and us, and for the present force will rule. Hold to it with that good sense which you have so often shown and remain faithful to the good cause. Your fate is in God's hands. Endure, trusting in a happy issue.

ALTONA, 12 M.—The Prussians entered this city and its vicinity at 10:30 this morning.

FROM NEW YORK.

Fire Lighted in the Engines of the Ram Dunderberg—Fenian President and the Result of His Visit to Washington—Platform of the Tammany Society—Another Injunction Against the Excise Board—More Chosers Cases.

NEW YORK, June 23.—Fires were lighted today in the engines of the monster Ram Dunderberg. She is expected to make over fifteen knots per hour.

Colonel Roberts arrived to-day from Washington. His visit to the Capitol was to secure the passage of the neutrality law, which would prevent the administration from interfering summarily with the operations of the Fenian brotherhood in future, and it is stated that he has received the assurance that his mission will be successful. Colonel Roberts has emphatically denied the reports that the Feniangrganization is to be used for political purposes at the fall election. He would, however, that all who aided the cause of Irish independence would receive whatever influence the brotherhood possessed, should they need it any time.

The Tammany Society has issued an invitation to prominent Democrats of the country, commencing their fall campaign to-night on the great issues of the day, and asking them to participate in celebrating the coming Fourth of July. It sets forth that the secession of eleven States from participation in the Government is not less treasonable morally when effected by partisan votes than when attempted by rebellious bullets, and that it invites to co-operate those who believe that the Union was started to be perpetual; that States have equal rights under the Constitution; that restoration of the Union by the recent war ought to be acknowledged and recognized by all departments of the Federal Government, that a spirit of fraternity and conciliation should prevail in all our councils and our policy, and that the South, having accepted the issues of the war and abandoned the heresies of secession, should be at once admitted to her constitutional representation.

Henry A. Stonewall, who was recently indicted before the United States District Court of New Jersey on the charge of opening two letters while agent on the postal car between New York and Washington, was released from trial by the President's pardon. This pardon was issued before the conviction and before the case had come to trial.

Mr. John Stuart Mill has presented in the House of Commons a petition in favor of the extension of suffrage to female resident householders.

Judge Cardress has issued another injunction on the application of a liquor dealer, restraining the Board of Excise from closing his place under the new Law.

Two more cases of cholera are reported today, but the patients are said to be recovering.

FROM WASHINGTON.

Return of Prof Agassiz from His Explorations of the Amazon—Secretary Stanton Has Not Disposed—Council with Indian Tribes.

WASHINGTON, June 23.—The Navy Department has received dispatches from Captain Alfred Taylor, commanding the United States steamer Susquehanna, dated New York, June 22d, in which he states that while at Rio Janeiro, a Brazilian steamer arrived from Para with Professor Agassiz and party on board. The Professor has completed his explorations of the valley of the Amazon.

Secretary Stanton has been confined to his house for the last three or four days by severe indisposition.

It appears from a letter received at the office of Indian Affairs that the Indian Commissioners appointed to treat with the various tribes on the Upper Platte river have arrived at Fort Laramie, Dacotah territory, and that their formal organization on the 1st inst. The Ogallah and Upper Brute Sioux were represented by four of their most prominent and influential chiefs and head men, a small representation of Cheyenes and Arrapahoes were also in attendance. On the 4th inst. the first formal council was held, at which a small representance of the chief head men and people being very large. The commissioners read to them their opening address, which will explain part of their mission, and informing them that it was not the desire of the government to purchase their country, but simply to establish friendly relations with them, and to obtain from them a recognition of the right of the government to make and use through their country such roads as may be necessary necessary for public service, and for emigrants to the mining districts of the west.

On the 5th inst. four of the prominent chiefs of the Ogallah and Brule bands responded to the address, expressing the opinion that a treaty could and would be made, and on the following day the chiefs of the Cheyenne Ghoulstadt and Elmshari, near Altona. General Martenfel has arrived at Itzehove. General Gablenz, having the order of the Vienna Cabinet, declined the summons of General Moltzeffel to re-establish a common administration in the duchies and to withdraw the consideration of the Holstein question.

In his proclamation of the 10th inst., the Governor of Schleswig has declared that he will also assume the chief governing power in Holstein. He has announced the dismissal of the Holstein Government and has substituted another civil administration in its place. The Prussian troops are marching upon Altona. The forces at my command are not sufficient to offer resistance to a hostile attack from the German power which has been our ally. I am not in a position to protect the right, with my small force. Following the Emperor's orders, I yielded to superior numbers and leave the country when I understood the Government. You met me with confidence. Retain that confidence, and accept my heartfelt thanks. Troublous days will come upon you and us, and for the present force will rule. Hold to it with that good sense which you have so often shown and remain faithful to the good cause. Your fate is in God's hands. Endure, trusting in a happy issue.

ALTONA, 12 M.—The Prussians entered this city and its vicinity at 10:30 this morning.

FROM NEW YORK.

Fire Lighted in the Engines of the Ram Dunderberg—Fenian President and the Result of His Visit to Washington—Platform of the Tammany Society—Another Injunction Against the Excise Board—More Chosers Cases.

NEW YORK, June 23.—Fires were lighted today in the engines of the monster Ram Dunderberg. She is expected to make over fifteen knots per hour.

Colonel Roberts arrived to-day from Washington. His visit to the Capitol was to secure the passage of the neutrality law, which would prevent the administration from interfering summarily with the operations of the Fenian brotherhood in future, and it is stated that he has received the assurance that his mission will be successful. Colonel Roberts has emphatically denied the reports that the Feniangrganization is to be used for political purposes at the fall election. He would, however, that all who aided the cause of Irish independence would receive whatever influence the brotherhood possessed, should they need it any time.

The Tammany Society has issued an invitation to prominent Democrats of the country, commencing their fall campaign to-night on the great issues of the day, and asking them to participate in celebrating the coming Fourth of July. It sets forth that the secession of eleven States from participation in the Government is not less treasonable morally when effected by partisan votes than when attempted by rebellious bullets, and that it invites to co-operate those who believe that the Union was started to be perpetual; that States have equal rights under the Constitution; that restoration of the Union by the recent war ought to be acknowledged and recognized by all departments of the Federal Government, that a spirit of fraternity and conciliation should prevail in all our councils and our policy, and that the South, having accepted the issues of the war and abandoned the heresies of secession, should be at once admitted to her constitutional representation.

Henry A. Stonewall, who was recently indicted before the United States District Court of New Jersey on the charge of opening two letters while agent on the postal car between New York and Washington, was released from trial by the President's pardon. This pardon was issued before the conviction and before the case had come to trial.

Mr. John Stuart Mill has presented in the House of Commons a petition in favor of the extension of suffrage to female resident householders.

Judge Cardress has issued another injunction on the application of a liquor dealer, restraining the Board of Excise from closing his place under the new Law.

Two more cases of cholera are reported today, but the patients are said to be recovering.

FROM WASHINGTON.

Return of Prof Agassiz from His Explorations of the Amazon—Secretary Stanton Has Not Disposed—Council with Indian Tribes.

WASHINGTON, June 23.—The Navy Department has received dispatches from Captain Alfred Taylor, commanding the United States steamer Susquehanna, dated New York, June 22d, in which he states that while at Rio Janeiro, a Brazilian steamer arrived from Para with Professor Agassiz and party on board. The Professor has completed his explorations of the valley of the Amazon.

Secretary Stanton has been confined to his house for the last three or four days by severe indisposition.

It appears from a letter received at the office of Indian Affairs that the Indian Commissioners appointed to treat with the various tribes on the Upper Platte river have arrived at Fort Laramie, Dacotah territory, and that their formal organization on the 1st inst. The Ogallah and Upper Brute Sioux were represented by four of their most prominent and influential chiefs and head men, a small representation of Cheyenes and Arrapahoes were also in attendance. On the 4th inst. the first formal council was held, at which a small representance of the chief head men and people being very large. The commissioners read to them their opening address, which will explain part of their mission, and informing them that it was not the desire of the government to purchase their country, but simply to establish friendly relations with them, and to obtain from them a recognition of the right of the government to make and use through their country such roads as may be necessary necessary for public service, and for emigrants to the mining districts of the west.

On the 5th inst. four of the prominent chiefs of the Ogallah and Brule bands responded to the address, expressing the opinion that a treaty could and would be made, and on the following day the chiefs of the Cheyenne and Arrapahoes, and the Comanches and Kiowas, and other tribes

IN HIS SPECIAL MESSAGE to Congress, published in these columns on Saturday, President Johnson rather inclines to the opinion that the Constitutional Amendment ought to have been submitted to him for approval or objection. A correspondent, whose paper we give to-day, shows that as early as 1798, the Supreme Court of the United States had that question before them, and unanimously decided that the proposition or adoption of amendments ought not to be submitted to the President.

MR. CLYMER ON RAILROADING.

Some weeks ago Mr. CLYMER, the Democratic candidate for Governor, was interrogated as to his views of allowing freedom in railroad building. In response, he wrote a letter, which was published and widely disseminated. In this letter he not only declared in favor of a Free Railroad Law, but was careful to say he did so in conformity to the principles he had long acted upon, or something to that effect. This allusion to his past course left his pledge under some ambiguity, and in order that there might be no misunderstanding on a matter of so much importance, we took the liberty of asking him a few plain questions, to wit:

1. During your long career in the Senate, did you, at any time, introduce a General or Free Railroad Law?

2. If so, in what volume and page of the Legislative Record is the account of your action in the premises to be found?

3. Did you ever record your vote in favor of such a bill, introduced by another Senator?

4. Prior to last winter was a General or Free Railroad Bill ever before the Senate?

5. What course did you pursue on the General Railroad Law introduced by Mr. LOWRY, at the last session? Did you help it along? or help kill it?

6 Did you vote for the bill authorizing a new Railroad from the Schuylkill coal fields to Philadelphia? and, if not, why not?

7. Did you resign you seat in the Senate to escape recording your vote on either of these bills?

Mr. CLYMER is now in Pittsburgh. We have a high opinion of his gentlemanly character and bearing; and shall be glad if he will make our columns the medium of giving to the public such answers as he may see fit to make to these questions.

THE PRESIDENT AND CONGRESS.

It is understood that the President will not oppose the plan of Reconstruction adopted by Congress; though he will not give it his moral support. He will not sign any bill that might be sent to him prescribing conditions precedent to restoration; though he will not oppose if the objects contemplated by such bills can be accomplished by concurrent resolutions, which do not require his signature. This is all that the talked-of reconciliation between the President and Congress amounts to.

It may be further remarked that the scheme broached for a new party has failed. The Radical journals, by sounding the note of alarm, saved the Republican party from dismemberment or dissolution. And this explains why the Conservative journals are falling with market unanimity on the Senate's modification of the Reconstruction Amendment to the Constitution. They failed to carry any considerable numbers with them, and are trying to crawl back.

The action of the Administration in the enforcement of the Neutrality Laws must prevent cordial co-operation between the President and the Democratic leaders. The President has seriously offended the Fenians, and the Democratic managers dare not, if they desired, provoke a quarrel with them.

But it will not do to infer, that with the limitations suggested, the President and Congress will get on tolerably well together. The President will try to defeat as many of the Radical Senators and Representatives as he can; but this scheme will be pushed mainly inside of the party lines.

This view seems to be contradicted by GEORGE HYER, Chairman of the Wisconsin Democratic State Committee, who announces that *he* has received direct and recent assurances that President JOHNSON and Secretary SEWARD will soon visit Madison, in company with Senator DOOLITTLE and Governor RANDALL, and address the National Union Convention. The object of this movement is to defeat the return of Judge HOWE to the United States Senate.

CONVENTION OF AMERICAN ISRAELITES.

The Seventh Convention of the Board of Delegates of American Israelites, took place in New York recently, at which representatives from seventy-six religious organizations were present. The Executive Committee reported that fifteen thousand dollars had been subscribed by American Israelites for the relief of the cholera stricken Jews of Palestine, most of which had been expended. The Committee reported that the rights of Jewish citizens of Switzerland had been restored to them. Attention was called to the course of the Emperor of Austria in attacking the Jewish subjects and making it the pretext for sending an army into an adjoining kingdom. Reference was made to the efforts to establish Jewish free schools in the Orient. The expediency of founding a Jewish theological seminary for the education of candidates for the ministry was discussed. Systematic distribution of Jewish tracts was recommended. Finally the members of the Convention were urged to labor energetically in the cause of Judaism, and of resisting all encroachments made on civil and religious liberty.

THE Pittsburgh GAZETTE has a subscriber who has taken a copy of the paper for the last eighty years. He has a certificate from the Postmaster that he has paid his subscription regularly.

CUMBERLAND PRESBYTERIAN ASSEMBLY.

The most important matter before this body at its recent session, was the report of the committee of one from each Synod to investigate the deliverances of the preceding Assemblies, and harmonize the differences growing out of the war and slavery. Two reports were presented. The majority report proposed to pronounce unconstitutional the action of 1864 and 1865 on the subject of slavery and the rebellion. The minority favored the action at that time. After a long discussion, a substitute was offered disclaiming any endorsement of slavery or the rebellion, which was amended by adding the words that "no opinion" is hereby expressed on those subjects. The substitute then passed by a large majority. The action gave satisfaction, says the *Western Cumberland Presbyterian*, alike to North and South.

Amending the Constitution.

EDITORS GAZETTE:—President Johnson and his friends have raised a question as to whether, when an amendment to the Constitution of the United States has been adopted by two-thirds of the Senate and House of Representatives, it should be presented to the President for approval or veto, as in the ordinary case of bills and joint resolutions. The same question was raised in the Supreme Court of the United States at its February sessions, 1798, in the case of Hollingsworth, and others, against the State of Virginia, reported in 3. Dallas' Report, page 378; and it was unanimously decided by the court that "the negative of the President applies only to the ordinary cases of legislation; and that he has nothing to do with the proposition or adoption of amendments to the Constitution."

The Austrian Generals—Sketch of Leaders in the Coming War.

The really distinguished leaders in the Austrian army are few in number, and nearly all well advanced in years. They served in 1812 and 1813 under Prince Schwartzenburg, made the campaign of Hungary in 1849 that of Italy against Charles Albert, and that of 1859, the most important of all. In case of war, those who are destined to the principal commands are the following: The Archduke Albert, son of the immortal Prince Charles; Marshal Henry de Hesse; Benedek, Schwartzenburg and Clam-Gallas.

Marshal de Hesse is seventy-three years of age, spare in person, and of active mind and habits. His career dates from the battle of Wagram, in which he took part, being then in his seventeenth year. It was he who decided the Austrian victory over the Piedmontese in 1848 by the strategical movement from Verona, and he took a very active part in the battle of Novara. The Italians regard him as a formidable enemy, and admit that he will give them no little trouble.

Prince Schwartzenburg is tall, well made and very vigorous, notwithstanding his seventy-two years. In 1848 he commanded a division of cavalry in Italy; he distinguished himself at the battle of Cormorn, in Hungary, by preventing, with his division, the insurgents from debouching on the right bank of the Danube. At the battle of Magenta he commanded the third *corps d' armee*, with which he covered the retreat of the Austrians. At Solferino he was in the left wing, opposed to General Neill. He is one of the most brilliant officers of the Austrian army, and is, moreover, an author.

Marshal Benedek is only fifty-eight. While a colonel, in 1848, he fought in the campaign against the Piedmontese. In 1859 he commanded the Eighth corps at San Martino. Since Radetsky's death, he has been first warrior of Austria. It is probable that he will be charged to oppose the Prussians.

The life of Count Clam-Gallas has been very active; he has shared in all the wars of Austria since 1848. In Hungary, however, he only succeeded in vanquishing the aged General Bem, through the aid of the Russians. At present he commands the First corps of the Austrian army at Prague.

We must not omit to mention General Gablenz, who commanded the Austrians in the war against Denmark, and General Ramming, to whom Austria was indebted in the Hungarian campaign for the decisive success obtained at Tamesvar.

The United States Senate.

The terms of the following seventeen members of the Senate of the United States will expire on the 4th day of March, 1867; Ira Harris, of New-York; James A. McDougall, of California, L. S. Foster, of Connecticut; Lyman Trumbull, of Illinois; Henry S. Lane, of Indiana; J. M. Kirkwood, of Iowa; Samuel C. Pomeroy, of Kansas; Garret Davis, of Kentucky; John A. J. Creswell, of Maryland; B. Gratz Brown, of Missouri; James W. Nye, of Nevada, Daniel Clark, of New Hampshire; John Sherman, of Ohio; James W. Nesmith, of Oregon; Edgar Cowan, of Pennsylvania, and Timothy O. Howe, of Wisconsin. There are also three vacancies to be filled, one in New-Jersey and two in Vermont. Mr. Sherman has secured a re-election. Cornelius Cole, of the House of Representatives, has been elected in place of McDougall; Orris S. Ferry in place of Mr. Foster, James Hanniban Nesmith of Mr. Kirkwood, and James W. Patterson, of the House of Representatives, in place of Mr. Clark. The Vermont Senatorial vacancies are the chief topic of discussion in that State, and the election of members of the Legislature will turn upon preferences respecting candidates. Mr. Edmund's chances for re-turning his seat appear to be fair, but Judge Poland has a formidable competitor in Hon. Justin S. Morrill, the financial leader of the House of Representatives. Mr. Morrill has peremptorily declined a re-election to the House—he will be Senator or nothing. The *Rutland Herald*, however, thinks differently and expresses confidence in the success of Judge Poland. Judge Trumbull, of Illinois, is a candidate for re-election, but will find a formidable competitor in General Logan as well as in General Oglesby and E. B. Washburn. Henry S. Lane, of Indiana, declines a re-election, on account of his age. Governor Morton is in too shattered a state of health to be a candidate. Speaker Colfax and George W. Julian have both been named by the Radicals for the succession. B. Gratz Brown will have an opportunity, in Missouri, to try his strength with General Frank Blair. Nye is betting on his return from Nevada.

Life in the Street Cars—An Amusing Case of Excessive Fatigue.

(From the New Orleans Picayune.)

A few days ago an incident occurred in one of the cars upon the Dauphine and Rampart street line, which, in spite of the brusqueness of the repartee it called forth, was so refreshingly amusing, that no one could refrain from indulging in the merriment which it occasioned.

The car in question was one of the larger kind, with a blaming notice posted over the door-way, containing the announcement that there was accommodation for eighteen passengers.

With duplex elliptical skirts, the dresses of seven ladies spread out their ample folds in lively patterns upon either side, and, although quite a number of gentlemen entered the car below Esplanade street, not a movement was made to contract by barege, organdie, or lawn, the fourteen ladies very quietly appropriating the entire seats, while the gentlemen stood up and held on as well as circumstances would allow.

Just before reaching Canal street, one of the ladies, tapping one of the gentlemen upon the arm with her ivory-handled parasol, requested him to pull the bell for the next corner. Holding on the strap with both hands, and affecting the very quintessence of languor, the person addressed replied; "You must excuse me, Madame, for I am really too excessively fatigued with standing to make the effort."

There was a sudden movement on the part of one of the liveliest patterns of barege, and a tiny hand went up like lightning to the bell-rope, and with a flounce and a toss of her beautiful head, and while the faces of all were wreathed in inexpressible smiles, the lady stepped briskly out of the car and disappeared around the corner.

A PARTY of New Orleans youths, just bursting into manhood, went up town a few nights ago to compliment a lady friend of one of the young gentlemen by a serenade. They had barely time to execute one plaintive air, when a window opened and a masculine voice good naturedly inquired, "How many of you are there?" "Four," returned the serenaders, thinking the inquiry had probable reference to refreshments. "Divide that among you, then," returned the individual at the window, as he emptied the fluid contents of a water pail over the heads just then massed together.

HARD ON THE EPISCOPALIANS AND MR. SEWARD.—The *Independent* tells the following story: "By the way," said Mr. Lincoln to a gentleman in Washington, "to what religious denomination do you belong?" "Well," replied the gentleman, "if I am anything in particular, I am a Presbyterian!" "O," responded Mr. Lincoln, "I thought you were an Episcopalian." "Why," asked the interested party? "Because," said the President, "Mr. Seward is."

GENERAL NEWS.

—Mrs. President Fillmore is one of the leaders of fashion in Paris.

—Verdi has finished the first two acts of his opera "Don Carlos," the libretto of which is made up from Schiller.

—Lord Brougham, now 87 years of age, is still in excellent health, and capable of bodily exertion quite extraordinary at his advanced age.

—The citizens of Cincinnati have presented to one hundred and thirty-four firemen of that city accident insurance policies for $25,000 each.

—A Malay prince who is visiting England carries around with him the dainty little name of Datu Lumongon Abubakar Sri Malia. He is Rajah of Johore.

—There were only six persons in Memphis in 1861 that voted against secession. Now there are not less than 600 persons, each one of whom claims to be of the six.

—The latest novelty is the "palpitating bosom" for the ladies, which is described as gently "heaving" when an "emotional spring," concealed under the arm, is touched.

—The squirrels having been removed from the public squares in Philadelphia, the birds have resumed possession, and are rapidly exterminating the span-worms which have infested the maples.

—All the troops stationed in Utah are now concentrated in two garrisons; eight companies are at Camp Douglas, and three companies are at Fort Bridger. The headquarters of the district are still at Salt Lake.

—Mrs. Hannah Simpson of Philadelphia, bequeathed ten thousand dollars to the Friends' Yearly Meeting, four thousand for instructing people of color, and ten thousand for other equally benevolent purposes.

—Mr. Wm. Page has finished his historical painting, of which the subject is Admiral Farragut lashed to the shrouds of the Hartford, while she was entering Mobile Bay, August 5, 1864. It is to be exhibited for a time for the benefit of the New York Mercantile Library Association.

—A party of Hungarians have secured a large tract of land near Egg Harbor City, N. J., which they design to clear up and devote to the cultivation of grapes. They have made a scientific survey and carefully analyzed the soil, pronouncing it as possessing superior characteristics for raising this fruit.

—The Milwaukee *Sentinel* gives a list of the buildings being erected or already completed in the various wards the present season, a total of 209, at an outlay of $664,200. It says that nearly $400,000 will yet be expended in building in that city before the season closes—making a total expenditure of over a million dollars.

—A Baptist church in Salem, Columbiana county, Ohio, was sued last week by the preacher, for his services as pastor—amount claimed $1,000. The defence set up was the smallness of the congregation, and the alleged fact that the preacher, who was a carpenter, agreed to work at his trade on week days and take whatever the congregation could raise for him.

BROWN'S VERMIFUGE COMFITS, OR WORM LOZENGES.—Much sickness undoubtedly, with children and adults, attributed to other causes, is occasioned by worms. The "VERMIFUGE COMFITS," although effectual in destroying worms, can do no positive injury to the most delicate child. This valuable combination has been successfully used by physicians, and found to be safe and sure in eradicating worms, so hurtful to children.

Children having worms require immediate attention, as neglect of the trouble often causes protracted sickness.

Symptoms of worms in children are often overlooked. Worms in the stomach and bowels cause irritation which can be removed only by the use of some remedy. The combination of ingredients used in making BROWN'S "VERMIFUGE COMFITS" is such as to give the best possible effect with safety.

NOTICE TO THE

Tax Payers

OF THE

Borough of Lawrenceville.

Whereas, by a supplement of the Act of Assembly approved the 4th day of March A. D., 1864, relating to the payment of the Borough Tax to the Treasurer within the limits of said Borough, the undersigned respectfully notifies the said tax payers that he is now in possession of the duplicate for the payment of said taxes, and ready to receive the same.

On all taxes paid on or before the first day of August, 1866, an allowance of 6 per cent. will be made.

On all taxes paid subsequent to the first day of August and prior to the first day of September, must be paid in full.

On all taxes paid subsequent to the first day of September, he shall add five per centum.

And on the first day of October in each year, the Treasurer shall make out a list of delinquent tax payers, with the amount due from each, with five per centum additional added; provided that no additional amount shall be less than fifty cents, and place the same in the hands of the High Constable, who is duly qualified to said constable his warrant to collect said tax, granting him all the powers and immunities now or may be vested in collectors of county taxes in said city. Provided that no further additional notice to tax payers shall be required than the advertising in one or more papers and by handbills. WM. JANCEY, Borough Treasurer,
Corner of Butler and Draco Streets.

The said Treasurer respectfully informs the taxpayers of said Borough that he is Collector and Treasurer for the Lawrenceville School District, and is also prepared to receive their taxes, and invites them to call at the Borough Hall in Lawrenceville, at the corner of Butler and Draco streets.

Quarter Sessions Court.

Judges Sterrett, Stowe and Brown on the bench.

THE CHILD ABDUCTION CASE.

The case of Mrs. Adeline C. Murray, indicted for the abduction of her child, under ten years of age, on oath of John E. Alward, (her first husband,) of Armstrong county, was resumed on Saturday morning, at nine o'clock, and brought to a close during the forenoon session, the jury finding a verdict of guilty, and recommending the defendant to the mercy of the Court. Colonel Barclay, counsel for the defence, made a motion in arrest of judgment and for a new trial, filing reasons.

SENTENCED FOR SELLING LIQUOR WITHOUT LICENSE.

Col. Duff, District Attorney, requested the use of John O'Neal, tavern-keeper of the Third Ward, to be disposed of, remarking that the defendant desired a full bench to pass upon it. There were three indictments against O'Neal for selling liquor without license, the first found at the March term, and two others at the present, to which he put in pleas of guilty. It appeared that he had applied for license and was refused prior to the commencement of the present term, but had continued to sell liquor as usual. O'Neal suggested in mitigation of sentence that he had closed his house, and was determined to quit the business. In reply to the Court he admitted having sold liquor on Saturday morning. On the March indictment he was required to pay the costs and a fine of one hundred dollars, and on one of the June term indictments, the costs, a fine of one hundred dollars and to undergo thirty days' imprisonment in the county jail On the remaining indictment sentence was suspended.

Gotlieb Mashey, of the First ward, also pleaded guilty to indictments for selling liquor without license. On the first he was sentenced to pay the costs and a fine of one hundred dollars, and on the second (it being the second offense) to pay the costs, a fine of one hundred dollars, and undergo thirty days' imprisonment in the county jail.

J. H. Heckman, of the Second ward, pleaded guilty to three indictments for a like offense, and Mr. Bluker appeared as his counsel, making a strong appeal for leniency. The defendant, Mr. M. said, was of highly respectable character, and had been a tavern for a long time, and had but recently been refused license. He was a law abiding citizen, and nought could be said against him in any respect, save that in this one instance he had kept his house open after his license application had been refused. The Court, the counsel thought, should discriminate in favor of such men, and not inflict too severe punishment. The Court said it had a plain duty to perform, to enforce the law. They felt conscious of having been too lenient heretofore; that instead of throwing grass they would now throw stones, and that if any fault was found it should be with the Legislature. Mr. M. said it was the certainty not the severity of punishment which tended to the prevention of crime. Judge Stowe said he had but little sympathy with men who knowingly, willingly and continuously violated the law, in the matter of selling liquor without license a portion of the community were to blame for encouraging their same. As a legislator he might act differently than as a Judge. The Court felt embarrassed in enforcing the liquor law, but nevertheless would perform its duty. There were, as the law said, three indictments against Mr. Heckman; on the first he was sentenced to pay the costs and a fine of $50; on the second, the costs and a fine of $75, and on the third the costs, a fine of $100, and to undergo thirty days' imprisonment in the county jail.

Alfred Wilson, who some time since kept a bar in the Theater, was sentenced to pay a fine of sixty dollars and the costs, it being the first indictment found against him.

FELONIOUS ASSAULT.

James Stewart, convicted of felonious assault, in aiding and abetting in the firing of a pistol at some women on Water street a short time since, on oath of Sarah Grant, (prosecutor,) was sentenced to the Penitentiary for three years.

LARCENY CASES.

Patrick Lally, for committing a larceny in South Pittsburgh, was sentenced to the Penitentiary for one year and nine months. Belle Timmons was convicted of a like offense, but owing to extenuating circumstances the Court only sentenced her to jail for sixty days.

A NEW TRIAL AWARDED.

Thomas Norton, a Scotchman, and coal digger by occupation, convicted of the larceny of a lamp and some other articles from Monongahela river packet-, was next brought up for sentence, and allowed to make a statement, which was in substance: He got on board Brown's boat while in company with one William Rafferty, also a coal digger, and stopped off with him at Monongahela City, Rafferty taking a carpet sack which he (Rafferty) claimed as his property. They renewed their trip to the city, some of Norton's clothing in the meantime having been placed in the carpet sack. Upon their arrival here the carpet sack was claimed by another party, and Norton's clothing being found in it, he was arrested as the thief. He disclaimed all design to steal, and said he was ignorant of the fact that the property was not that of Rafferty. His statements not being inconsistent with the doubtful evidence of guilt offered on the trial, District Attorney Duff consented to the allowance of a new trial, and stated that he would, on Monday, ask a jury to render a verdict of acquittal, so well satisfied was he of defendant's innocence and of the truthfulness of his statement. The court was similarly impressed.

THE GIFT STORE LARCENIES.

John McGovern and Nicholas Dornberg were next placed in the box for sentence, having been convicted of stealing articles from the gift store of Evans & Co., on Fifth street. In behalf of both evidence of previous good character, and that they were under the influence of liquor at the time of offending, was offered. Judge Sterrett, prefatory to sentence, remarked that lotteries were forced to be conducted in such a way as to excite the cupidity of young men, was little else than a lottery, should not be allowed to exist, and suggested legislative interference, as such establishments were productive of as much evil as regular lotteries. Under all the circumstances he would be lenient with the accused, and sentenced them to pay a fine of ten dollars and to twenty days' imprisonment in jail.

DIDN'T STEAL, BUT TOOK THEM.

William Stone, a genuine African, under conviction of the larceny of a pair of pantaloons from the steamboat Kenton, was next sentenced, and allowed to speak for himself, the court saying: "William come out here," whereupon the colored prisoner left the box and approached the railing. "How came you to take the pants?" said the court. "Didn't take 'em, sah." "Didn't Sheldon, on the boat with me, saw 'em lyin' thar on the boat, and told me take 'em, and I put 'em on." William went on to say that he subsequently discovered to whom the pants belonged, that he returned to the boat to pay the owner for them, that the owner said he did not care about the pants, that he had lost a coat and some other things, which he wanted to get; that in walking up the wharf with the owner they had some conversation, and that he (William) started away, when he was pursued, arrested, considerably abused, and taken to the Mayor's office. In conclusion, William said he had a very old mother who is now incumbent upon him to take care of, and hoped the court would be as lenient as possible with him. Saying this, he made obeisance and awaited his doom. "How would you like to go across the river for a year or two, William?" "Wouldn't like it all, sah; but it must be as you say." After consultation William was sentenced to the county jail for thirty days, his statement coinciding with the evidence adduced against him on the trial. He retired from the Court room showing his lvvories, evidently well satisfied with the result.

RESISTING AN OFFICER.

Daniel Mayhew, of Birmingham, for having resisted an officer in making an arrest, was sentenced to two months' imprisonment in the county jail, being credited with three months' confinement which he had already endured.

The Court then adjourned till Monday at 10 o'clock A. M.

School Exhibition.

The pupils of the Ninth Ward public schools gave a grand exhibition in Trinity Church on Friday evening. The exercises consisted of readings, declamations, orations, and vocal music.

At the conclusion of the programme an elegant silver cake-basket was presented to Miss Hettie Martin by Miss Melissa McMillen, on behalf of the girls of her class, and by Henry Townes in behalf of the boys.

Miss Emily Martin was also the recipient of a beautiful writing desk, which was given by Edward Thomas, one of her pupils. Another writing-desk was presented to Mr. Hall, the principal, by Alonzo Joy, who accompanied the gift with a neat and very appropriate speech, which reflected credit not only on his youth, but also on those into whose hands have been confided his training and intellectual development.

Mrs. Hamilton, alias Long, was before Mayor McCarthy on Saturday, charged with keeping a disorderly house on oath of night watchman Patrick Murray. At the hearing an endless number of witnesses were examined, who testified that the defendant is a washerwoman, but that her house is frequented at all hours of the night by men and women, who often act in a noisy and disorderly manner, much to the annoyance of her neighbors. J. C. McCarthy, Esq., made an able appeal for the defendant, but all his efforts were in vain. The accused was held in $500 to answer at Court. Mrs. Hamilton resides in a court off Water street, near Wood.

Warrant Issued.—William Collins appeared before Alderman Humbert on Saturday and made oath against John Knox for surety of the peace. William alleges that John is in the habit of calling him all sorts of hard names, and on Saturday threatened to take his life. A warrant was issued for the arrest of Knox.

Child Drowned.—Mary E. Botzen, daughter of Louis Botzen, aged nine years and nine months, was drowned on Friday evening, by falling into Loyalhanna creek, at Latrobe, Pa. She was an interesting child, and her parents have the sympathy of all who knew her, in their bereavement.

Recovering.—The son of Mr. Joseph S. McKnight, of Scott township, who was accidentally shot in the hand last week, and who, it was reported, had since died, is now in a fair way of recovery, the attending physician having declared him out of danger.

Discharged.—Annie Drummond sued Patrick Boyle for assault and battery on Saturday, before Alderman Lynch, who had Patrick arrested. After a hearing the accused was discharged, the evidence being insufficient to hold him for trial.

TELEGRAMS.

FROM WASHINGTON.

Tariff Bill Completed—The Duty on Wool and Iron—Gov. Johnson, of Ga., Nominated as Minister to Venezuela—The Repeal of the Neutrality Laws.

NEW YORK, June 23.—The morning papers contain the following specials from Washington: The Ways and Means Committee will probably complete the tariff bill to-day. They have finished the wool clause and fixed the rates as follows: On cheap common wool, six cents per pound; on clothing and combing wools, valued at less than thirty-two cents per pound, ten cents per pound, and ten per cent. ad valorem; on clothing and combing wools, valued at over thirty-two cents per pound, twelve cents per pound and ten per cent. ad valorem. This is in accordance with the terms agreed upon by the wool growers and manufacturers.

The iron clause was also completed to-day, and a considerable increase agreed upon, although the precise rate cannot be ascertained. A number of iron manufacturers have been in the city for a week or two looking after their interests, and about an equal number of free traders are also at work to keep the duty as it is.

The western men have lost the flaxseed clause. Instead of forty cents per bushel on seed and forty cents per gallon on oil, the Committee have only gone as far as thirty cents on each bushel and gallon. The Committee have agreed to recommend a duty of six cents per pound on foreign ingot copper, and three cents per pound on fine copper for the benefit of the Lake Superior Mining Companies.

The *Tribune's* special says the Committee to whom was referred the resolution of General Schenck, in relation to the repeal of the neutrality laws, have not yet reported, but it is understood that the report, when made, will be favorable to the Fenians. All the discussions in the Committee have condemned the extreme measures taken to enforce the law.

The *World's* special says that the Committee strongly sympathize in the Fenian movement, but do not think it expedient to take any action in the matter.

Canadian Parliament—The Late Fenian Raid—Indemnification Demanded of The United States—Mismanagement of Canadian Troops.

NEW YORK, June 23.—The *Herald's* Ottawa special says: In the Canadian Parliament yesterday, Mr. Galt moved for the appointment of the Government by the United States for the expenses incurred during the recent Fenian troubles.

Several members of the Government party advocated the motion, when Mr. Chambers, of Brockville, obtained the floor and spoke against it. He said that Canada could not support troops to resist the United States. A thousand Fenians was a different matter from thirty-five millions of Americans. He also called for an investigation of the conduct of some of the commanders of the Provincial troops during the trouble, and denounced the management of the Commissariat Department. Mr. Chambers was continually interrupted and, it is said, the uproar becoming so great at times that further remarks. He was replied to by Mr. D'Arcey McGee, and the motion of Galt was adopted.

The War in South America—Success of the Revolutionists—President Baez Seeks Protection of the French Flag.

NEW YORK, June 23.—The *Herald's* St. Domingo correspondence of the 9th says: The revolution under General Pimento has ended in a complete triumph, and President Baez, with some ten or twelve of his suite, have left for St. Thomas. The soldiers in St. Domingo fraternized with the revolutionists, and Baez sought refuge in the French consulate. But for the protection of that flag, in all probability life would have been sacrificed. His brother, Darrian Baez, and General Pedro Guillermo, were held for trial, as incendiaries, by the provisional Government. Baez arrived at St. Thomas on the 12th, in the Spanish steamer Barcelona, and announced his intended departure for Europe next day.

Unitarian Conference.

BUFFALO, June 23.—Yesterday was the third day of the Western Unitarian Conference. Rev. Mr. Mayo, of Cincinnati, submitted a voluminous and elaborate report on the relations of the liberal to the organized religions of the West. At the close of his remarks a vote of thanks was tendered him by the Conference, and ordered to be printed in the *Christian Examiner*. In the afternoon Rev. Mr. Brigham preached. In the evening there was a collation, and speeches were made by Revs. Dr. Bellows, R. and R. L. Collier, Mr. Hosseworth, and others. The following was offered directing the President and Secretary, one month before the Annual Conference, to direct Western churches in the Western Unitarian Conference urging them to select delegates. Carried.

Fatal Railroad Accident—Robbery of the American Express Company.

CINCINNATI, June 23.—The train on the Cincinnati and Zanesville railroad ran into a bridge-span entirely prostrated, near Morgan's. The engineer and firemen were both killed.

During the heavy storm yesterday afternoon a man named Alonzo Americus, Express clerk in the office, walked behind the money clerk's desk, and abstracted a package containing $4,350, and made good his escape.

Cholera at Elizabeth, N. J.—Six Fatal Cases.

NEW YORK, June 23.—There have been six fatal cases of cholera at Elizabeth, N. J., but under the active measures of the Board of Health the disease appears to have spent itself.

POSTPONEMENT.

THE UNITED STATES

PRIZE CONCERT,

TO HAVE BEEN GIVEN AT

Crosby's Opera House, Chicago,

MAY 28th, 1866,

Will be postponed until

Monday, July 9th, '66,

On which occasion

HALF A MILLION DOLLARS IN PRIZES

Will be presented to Ticket Holders, including

$100,000 IN GREENBACKS.

The postponement is an unavoidable necessity, (not so much in consequence of the number of tickets yet unsold) as the positive necessity there is for the proper registration of those already disposed of, which has been delayed in consequence of the negligence and carelessness of a portion of our Agents in making their proper returns.

We advise all parties wanting tickets to send for them without delay, as we have but a limited number yet on hand. We wish most particularly to impress upon the minds of our Agents the importance of their making their returns at once, and of rectifying whatever errors may have crept into their reports heretofore. We will say to those sending for tickets, that if money should be sent after the time their order is received, the money will be returned.

No applications for new agencies for the sale of tickets will be considered, as we have no more than sufficient tickets to supply those Agents we have already appointed. Tickets are for sale at the principal hotels, book and music stores in the city, and at our office, 152 Dearborn street; price $1.00 each; sent by mail on receipt of price and stamp for return postage.

We invite the particular attention of persons wishing to order tickets by mail to the following:

SPECIAL TERMS OR CLUB RATES:

Any party procuring a club of 5 or more names for tickets, and forwarding us money for the same, will be allowed the following commission viz:

5 Tickets to one address for	$ 4 50
10 " " "	9 00
20 " " "	17 50
30 " " "	26 25
40 " " "	35 00
50 " " "	43 50
100 " " "	85 00

In every case send the name and Postoffice address of each separate subscriber.

Money by draft, Postoffice Order, Express, or in Registered Letters, may be sent at our risk.

All communications should be addressed to

WIGGINS, BRADFORD & CO.,
133 DEARBORN STREET,
CHICAGO, ILL.

The proprietors will donate to the Lincoln and Douglas Monument Funds $2,000; also, there will be $2,000 reserved from the premium drawing the $80,000 prize, for the same purpose.

NOTICES.

NOTICE.

OFFICE UNITED STATES PRIZE CONCERT, WIGGINS, BRADFORD & CO., CHICAGO, ILL.

WE WOULD MOST RESPECTFULLY announce that in consideration of the following cogent facts of entrust satisfactory reasons, we have decided to postpone the Concert, as we would be equally advantageous to the public and ourselves, namely, that we prefer to

Dispose of all the Tickets and give the Public all the Prizes,

than to hold a quantity of tickets (as proprietors usually do) and thereby enhance our chances of drawing the large prizes.

The drawn numbers will be published in the Chicago daily papers as soon as drawn, and when the drawing is over each agent will be furnished with a complete list of the drawn tickets.

In view of the above reasons, which we hope will prove eminently satisfactory,

WE HAVE POSTPONED THE DRAWING

UNTIL THE

9th Day of July, 1866.

FINANCE AND TRADE.

SATURDAY, June 23, 1866.

The uncertainty in regard to the war in Europe, and its influence on our money market, caused some slight fluctuations in gold to-day and the premium is quoted 26¾ per cent higher—153¾. The feeling in New York during the latter part of the week was decidedly bearish, large amounts being offered for sale, and for a time the "bears" seemed to have it all their own way. Everything points to a lower market, and if there should be a sudden advance, it will in all probability only be temporary.

Our heavy importations are being pretty well balanced through the shipments of 45 millions of gold; and what is yet to come, is covered by large quantities of cotton held on American account in England. Our fall importations will be covered to some extent by Petroleum, which being a very perishable article, does not now find a market in Europe among speculators, but there will be a demand for it by September, and from thenceforward during the winter months.

Our old bonds are held firmly, though at the present currency value, they cannot be sent to Europe as a basis for Exchange drawn on time. Seven Thirties were firmer to-day than ever before, and 10-40's are also higher. These latter bonds are considered relatively higher than any of the rest, from the fact that they have forty years to run and bear only five per cent interest.

In our local stock market there has been a fair degree of activity during the week, but there is still an abundance of room for improvement. Bank shares seem to be the most popular securities as an investment aside from government bonds, and there are plenty of buyers, but the extreme views of holders has a tendency to retard operations. The recent numerous and disastrous conflagrations have made a very bad impression on Insurance stocks, though our companies are generally reported in good condition, and the majority of them will no doubt be able to pay their stockholders the usual dividends. Oil shares are beginning to attract more attention, and it is possible that the stock of dividend paying companies may yet come to something. Columbia has been in fair demand throughout the week, with buyers at 18½ to 19 and sellers at 20. Some of those who have been buying in anticipation of a ten per cent dividend are likely to be disappointed in that we learn it seems probable that not more than five per cent will be distributed among the stockholders.

—The recent export of specie has been largely caused by the sudden suspension of credit simultaneously at London and the financial centres of the continent; which has had the double effect of causing the remittance of foreign balances held here, and of necessitating parties on this side to cover maturing obligations which English and continental firms had accepted; beside which, several millions have been remitted on account of May coupons of five-twenties, and bonds and railroad shares, returned here for realization. It is important to keep in mind that neither have balances been called home nor securities returned from any lack of confidence in that market, but merely from the realization having been necessity, coupled with the consideration that the sale of our securities involved less loss than realizing upon almost any others. This being the case, it is reasonable to suppose that so soon as the necessity which compelled this process ceases to operate, we shall have a return to the condition of affairs existing before the panic, balances being again allowed to accumulate in our hands and our securities being again wanted by foreign investors. The subsidence of the panic will be followed in England and Europe by a general dullness of business, with its usual attendant, an increase in the idle money markets, and the idle capital seeking investment may be naturally expected to give preference to the securities of commerce, one of this country, after meeting such an enormous demand for gold as we have just responded to, comparatively without injury.

—These feeling a special interest in the matter, after having made diligent inquiry, report their belief that the new Tariff will take effect immediately on the passage of the bill, and that the free list will be considerably modified, and that the new duties will apply to all goods on shipboard and in bond. Among other very objectionable changes, woolen goods are to be charged with the prohibitive duty of 40 cents a pound and 35 per cent ad valorem, cigars $4 a pound and 50 per cent ad valorem, in addition to the internal revenue tax, which is $10 per thousand.

New York Stock and Money Market.

NEW YORK, June 23.—The money market remains easy. Prime discounts are current at 5@6 per cent. The gold market was active and higher this afternoon, and prices were run up to 153¾, but it closed heavy at 153¼. The rise is based upon the new tariff bill, which compels all goods to be taken out of bond within sixty days, or pay increased duties. It is generally feared that the bill will pass in some such shape as this, and hence some importers have already commenced to buy gold at the highest price known.

To-day the market for breadstuffs was heavy and lower.

In the cattle circles there is very little business doing, as a general thing, but goods are held firmly for the most part. There was some little excitement this afternoon among petroleum brokers on account of the report that the stock was run up to 20, closing at 19.75; United States sold at 7.65, but there was hardly any business done in other shares. Government securities were quiet and firm.

The following were the closing prices: Coupons 1881, 110⅝@110⅞; 5-20 Coupons of 1864, 102¾@102⅞; 10-40 Coupons, 96¾@96⅞; June 7-30s, 102⅝.

Total imports for the week, $1,756,943.

Gold closed at 153¾ to-day, at 5 o'clock. The Stock market was dull. No second board was held.

The *Commercial's* money article says affairs on Wall street are extremely dull. The only feature of interest is another improved turn in gold, the price at noon having reacted to about 153. The prospect of the adoption of the Tariff bill with a provision, making the advanced duties payable on the goods in bond, produces an expectation that the importers will require next week, a large amount of gold for duties. Gold is held off the market under this anticipation, and hence the advance in the premium. The shipments of specie to-day aggregate $1,304,577, consisting largely of bullion, brought by the last steamer from San Francisco, for Europe. As usual on Saturday, there is no movement whatever in foreign exchange, and the rates are entirely nominal.

The stock market continues extremely dull with a decline at the board; Erie, 56¼@56⅝; and after the session sales were made at 56⅝. The miscellaneous list is almost entirely devoid of movement. Governments are quiet but firm. The money market exhibits extreme ease and dullness, owing to the quiet in trade and speculation. The balance of exchange is in favor of this section, and if is likely to become more in connection with the purchase of the wool crop. The disbursements of the interest on the second series of seven Thirties, has partially tended to increase the ease of the market during the week. On call loans the rates is five per cent. on ordinary collaterals, and four per cent. on Governments. Discounts range at 5@7 per cent.

New York Dry Goods Market.

NEW YORK, June 23.—The market is very quiet. Brown sheetings unchanged. Shirtings and Shirtings—Bleached unchanged—Jaconet and Cambric Muslins, 42½; Extra bleached, 45; Colored Damask, 42½. Worsted Braids—Common Colors, 90, No. 53; High do., 85. Canton Flannels—Lonsdale, 35; Hamilton, 40; Nashua Brown, 27½; Naumkeag, 29; Pemberton, A, 50; do., C, 36; Salmon Falls, bleached, 40. Corsets—Thompson's French Woven, B B, $12@13, gold; C C, 11,50@12,50. Hoop Skirts—Bradley's Duplex Elliptic, per dozen hoops, 87½@105; Thompson's Crown French Elastic Springs, 75@100; Myer's U. L. wide tapes, 60@150. Patent Linen Thread—No. 30, 100; 40, 200; 50, 240. Magic Ruffles, genuine with trade mark, No. 16, 25, 27,00, 37,75; Home made Ruffles, No. 14,50, 15,50, 16,50. Hawkbone Gravats, ½ inch, 400; ⅝ inch, 4,25; ¾ inch, 450; ⅞ inch, 475; 1 inch, 500; 1¼ inch, 525.

Baltimore Cattle Market.

BALTIMORE, June 21.—Beef Cattle.—The offerings during the past week were 300 head, against 543 head previous week. Of the receipts 620 head were brought from Ohio, 125 from Illinois, 225 from West Virginia, over the Baltimore and Ohio Railroad, and 20 from Maryland on foot. Of the receipts during the week, 60 head were shipped to Philadelphia, 140 bought by Washington butchers, 20 head by Government agent, 65 left over unsold, and the balance taken Baltimore butchers. Prices to-day ranged as follows viz: Common at $7@7,50, fair at $7,75@8,25, and prime beeves at 9 per 100 lbs. The market closed dull.

Sheep.—The supply this week was moderate, with a fair demand. Sales were made at 5@6 6¾ cents per lb gross, for clipped. No wool sheep in market.

Hogs.—The supply in market has been equal to the demand; sales at $12,50@13,75 per 100 lbs net.

New York Iron Market.

NEW YORK, June 23.—The market for Scotch pig has become quiet again, and with the lower quotations for gold, prices rather favor buyers. 250 tons Glengarnock, ex ship and store, at $45,50@47; and 200 do Eglinton, $48,50—Gartsherrie and Coltness are quoted $48, with little or nothing doing. No. 1 American is very scarce for immediate delivery, and are held for extreme prices, say $46@47; we only notice 1000 tons force, delivery at Elizabethport, on terms not made public. English rails are very quiet; holders looking for an enhanced Duty, do not press their stocks on the market. We notice sales of say 400 tons American refined bar this week, from manufacturers hands, closing at $95 cash. From store, prices are steady, and the market dull at the advance noticed in our last.

Chicago Butter Market.

CHICAGO, June 22.—The butter market was fairly active and steady. There was a good inquiry for prime Elgin grades for shipment, and dealers were generally holding at slightly advanced rates. We quote the extreme range of prices at 18c for common White, to 25 for strictly prime yellow, in firkins. A few choice lots were held at 26c, but there were no buyers at that figure. Many dealers are storing and holding in anticipation of an advance.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, SATURDAY, June 23, 1866.

The movements in the produce markets during the past week have not been characterized by any special activity; indeed, the reverse of this has been the case. The demand for some of the leading commodities has fallen off somewhat, and while the speculative feeling which was just beginning to show itself some days since is subsiding, there is nevertheless a fair volume of business in the aggregate, but it is mostly of a local, and, we might say, legitimate character. In values the fluctuations have been slight, the most prominent change being in Provisions, which have advanced materially.

GROCERIES.—The market is unsettled, owing to the violent fluctuations in gold, but the change in values during the past two or three days have been very slight. Brown Sugars are selling at 12 to 15 cents for common Cuba to choice Porto Rico; Soft Refined 16@16½; and hard 17½@18. Coffee is quoted all the way from 29 to 32, for fair to strictly prime Rio. Porto Rico Molasses held at 75 to 85, as to quality, and Rangoon Rice at 10½@11.

GRAIN.—Wheat is firm with sales of No. 1 Club at $2,35, and No. 2 ditto at $2,20. Oats sold during the week at 53 to 55 for No. 1 Chicago, in elevator, and prime Ohio and Penna. at 56 to 58—sale of 1 car prime White, in elevator at 59. Corn is steady with sales reported in elevator at 76 to 82 for Ear and shelled—mostly at 80. Rye is in better demand and may be quoted at $1 to $1,05. Sales of Spring Barley at $1, and Buckwheat is selling to a fair extent at $2,25.

PROVISIONS.—Bacon is firm, and still advancing. We now quote at 16@16½ for Shoulders; 18@19 for Ribbed Sides, and 24@25 for Canassed. Sugar Cured Hams. Lard is quiet but firm at 22½@23 for steamed and kettle, and 21 for prime country. Mess Pork is held at $33,50@34—demand light.

FLOUR.—The market for Flour is steady and moderately active, though devoid of excitement, and prices have undergone no quotable change. We continue to quote at $10,50 to $11,25 for fair to good Spring Wheat Family; $11,50@12 for half Spring and half Winter; $12,50@13 for all Winter, and $14@16 for fancy brands. Sale of 100 bbls "Bartlett's X X" at $11,25. Rye Flour is still quoted firm at $6,75.

POTATOES.—Strictly prime Peach Blows in good condition, are selling from store at $1,25 to $1,30 per bush. New Potatoes are selling at 8 per bbl.

CHEESE.—Is a little dull but unchanged; sales of Western Reserve at 15@16; Hamburg at 17@18, and 20@22 for Goshen.

BUTTER.—Continues dull and neglected, though the arrivals are light, and the supply is limited. Common packed is selling at 20 to 21, and prime fresh do at 22@23.

EGGS.—Demand continues fair, and the market is steady, with regular sales at 18@20—mostly at 22.

HAY.—Is firm, and the demand is fully up to the supply. Sales from scales at $25 to $30 per ton, for fair to prime Timothy.

MILL FEED.—Sale of 10 tons Middlings at $1,75, and 5 do do at $1,60. Shorts may be quoted at $1 per cwt, on track.

BEANS.—Prime White Beans are in good demand, and sell readily at $2 per bushel, while common do not seem to be wanted at any price.

FISH.—Lake Herring are selling at $5 to $5¼ per bbl; Trout, and White Fish at $9,50 per half barrel.

OIL.—Sales of No. 1 Lard at $1,85@1,85.

HOMINY.—Is selling at 4c.

PITTSBURGH PETROLEUM MARKET

OFFICE OF THE PITTSBURGH GAZETTE, SATURDAY, June 23, 1866.

CRUDE.—The Crude market has been dull and depressed throughout the past week, and the indications at present cannot be regarded by any means as favorable for any immediate improvement. The transactions in the aggregate, as compared with last week, have been remarkably light, while prices are a shade lower and still tending downward, and holders generally seem disposed to realize, even if by so doing they are obliged to make slight concessions. Quotations may be fairly given at 13 to 13¼, bbls returned and in bulk, and 18 to 18½, bbls included, according to gravity—some eight hundred barrels changed hands to-day at 13¼. During the latter part of the week, one dealer sold over four thousand barrels of "Pithole Oil" at 13, and it was rumored to-day that an offer had been made to sell "Smith's Ferry Oil" at 12½. Be this as it may, there is no disguising the fact that the market is in a very unsatisfactory condition at present, and this is conceded on all hands both buyers and sellers.

REFINED.—The transactions in bonded oil have been unusually large this week, both for present and future delivery, but as compared with last week prices have declined from one to two cents per gallon. The advices by the foreign steamer which arrived to-day are again reported unfavorable, and this, as a matter of course, will have a tendency to restrict further operations, and, no doubt, exporters will ask for a still further reduction in prices. The best offers for Philadelphia delivery to-day were as follows: June, 24; July, 25; August, 42; September 43; October, 44; and November, 45. Sales of twenty-five hundred barrels for November, buyer's option, at 45. On Thursday there was a sale of 2000 bbls for June, at 38; on Friday 2000 bbls for August, at 42; 500 for July, at 40; 2000 for September, at 45@47; and quite a number of sales were made during the week for October at 45.

ARRIVALS.—The arrivals during the past week have been fair for the season, although considerably behind those of last week. The following were reported to-day:

D. Hamilton	2000	J. Hemphill & Bro	3500
Jas. Wilkins	500	J. Gallagher	425
J. Munhall	100	H. Mckelvy	900

RIVER NEWS.

The river fell steadily during Friday and Saturday, but yesterday it seemed about stationary with scant four feet in the channel by the marks last evening. We had quite a heavy fall of rain on Saturday night, and yesterday the weather was oppressively hot and close, with every appearance of more rain.

The Bagaril, from Parkersburg, is the only arrival from below. The Camelia, from Cincinnati, was due last night, and will doubtless be found in port this morning. The Brownsville packets arrived and departed, as did also the Forest City, from Parkersburg, and the Julia, for Zanesville. The Arabian, for Cincinnati, and the Wauanita, for St. Louis, cleared with fair trips, having about all the freight they could take on the water. The Rapidan left for Tennessee River during Saturday forenoon, flying light.

The Lotus No. 2, Capt. Shedden, is announced for New Orleans, and the R. C. Gray, Capt. Anderson, is rapidly filling up for St. Louis and St. Paul. The Leonora No. 2 is next on the list for Cincinnati.

We extract the following river items from the Cincinnati *Commercial*, of Friday:

Captain E. A. Sheble has taken command of J. G. Blanchard, and is now loading her for St. Paul direct. The Lexoldias, which left for St. Paul last had 350 tons from Pittsburgh. The Pine Bluff discharged fifty tons here, and leaves for Arkansas River to-morrow. She is a new steamer commanded by Capt. Taylor. The veteran Captain Sharp Hemphill is in charge of the office. Captains Donaldson and Reed were in the city yesterday en route from St. Louis for Pittsburgh. The Lorena, having received her new cylinders, will positively leave for St. Louis this evening.

Some important revelations is promised the Local Inspector at Memphis if he withholds his decision in regard to the explosion of the City of Memphis. The evidence is to come from New Orleans. "We think," says a contemporary, "Mr. Inspector has had evidence enough in regard to that boat. The report of the engineer, on duty at the time, that the boilers were leaky and unsafe, ought to be enough. We can cite a fact that possibly has been overlooked. The engines of the City of Memphis, sometime ago, were taken out and the engines of the Mollie Able were put in their place. The latter were smaller than her own, requiring less steam to do the work them, while her boiler power remained the same as before. Possibly she made more steam than the engines could work."

STOCK SALES.—We learn from the St. Louis *Republican*, of Tuesday, that 800 shares of stock in the A. & M. S. S. Co. were offered for sale at public auction on 'Change yesterday, and "bid in" $39,40 per share.

COAL ARRIVED.—Up to the present date only two of the coal fleet succeeded in reaching this city from the mouth of the Scioto. The former had 7 light barges with about 50,000 bushels of coal, and the latter had 7 barges and two small flouts, with 35,000 bushels, making a total of only 105,000 bushels.—*Louisville Courier, 21st.*

THE NEW

Spring and Summer Medicine.

FLUID EXTRACT

SARSAPARILLA,

COMBINED WITH

Iodide of Lime,

PREPARED FOR

G. W. PETTES, BOSTON,

BY

James R. Nichols & Co.,

MANUFACTURING CHEMISTS,

MANUFACTURERS OF THE

ELIXIR PERUVIAN BARK

WITH

Protoxide of Iron,

Which has become so favorably known as a

Tonic and Restorative,

By Physicians and Invalids in all parts of the country.

The new preparation, "SARSAPARILLA IN COMBINATION WITH IODIDE OF LIME," presents one of the most prompt alterative agents in a form capable of exerting full action upon the system, and this in minute and pleasant doses. It is conceded that the alterative, resolvent, or tonic effects of Iodine, are better and more readily when associated with other alteratives, in combination; and the Sarsaparilla seems to fulfil perfectly all the favorable requisitions.

The first effect usually observed when "SARSAPARILLA WITH IODIDE OF LIME" is taken, is an increase of appetite, showing that the tonic properties of a marked character. Its alterative effects are manifest in its ready combination with the blood and tissues. Hale, scrofulous women and children improve rapidly under its use, and the vital functions assume a healthy condition.

It is admirably adapted to a large number of chronic or acute affections peculiar to children. It is suited to them, both by the mildness and efficacy of Medicinal effect and the pleasant, attractive form of the remedy. It may be given for a long period where constitutional influences are desired, and no repugnance, or disinclination to take the syrup, encountered. In White-Swellings, Hip-Joint Disease, and Distortions of the Spine, it should be given persistently, in moderate doses, until relief is obtained.

In the Spring of the Year, and during the Warm Weather,

The accumulation of morbid matters in the system seems to become manifest and very troublesome. Lassitude, Headache, Boils, Costiveness, Loss of Appetite, Pains in the Joints, Indigestion, etc., are very common. Nothing ever devised is better adapted to exterminate or drive off these affections than this new combination of SARSAPARILLA WITH IODIDE OF LIME.

No preparation like it, or which approximates to it, as an

Alterative, or Blood Purifier,

has ever before been placed within the reach of invalids. Indeed, it is an entirely NEW and SCIENTIFIC combination, in no respect resembling anything hitherto employed.

The opinion of medical men concerning it, the description of its chemical character, therapeutic values, manner of use, etc., are given in a circular, which can be had at the store of any and all first-class Druggists.
